

Award Of Excellence For Quality And Service

ENJOY HOME COMFORTS AND A YEAR ROUND PLEASANT CLIMATE IN AWARD WINNING PAPHOS APARTMENTS

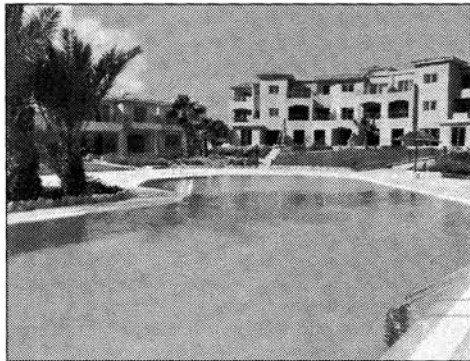

IF you are sitting reading this under several layers of warm winter clothing, with the heating on maximum, then you would probably enjoy a break away where the sun gives you a warm glow all year. The ideal place to enjoy pleasant year round sunshine in an idyllic, laid back atmosphere is the town of Paphos in Cyprus.

Offering an abundance of beaches, golf courses, wildlife, shopping and nightlife, all nestled among an impressive mountain and forest setting, Paphos successfully combines traditional culture with modern amenities and attractions along with its friendly, inviting spirit, which are sure to embrace you.

We have details of two luxurious properties for rent, offering the ultimate in comfort and convenience and located on the exclusive residential Limnaria Villas complex in a quiet area of Kato Paphos.

The two apartments in this new development have been well appointed and furnished to a very high standard by the owners to provide all you could need and want to enjoy a perfect self-catering holiday. The owners have considered everything, even down to board games, books, videos and tourist guides to ensure you can settle in as easily as possible.

Comfortable in all seasons, these modern apartments have been equipped with ceiling fans and air conditioning units, heat reflecting shutters and double glazing to provide optimum comfort all year round. This is why we are happy to announce they have collected the Award of Excellence for Quality and Service for Retreat of the

Year. The award reflects the superior quality of the luxury apartments, the careful owner support and beauty of the locality.

The apartments can sleep up to six or eight guests respectively and can be booked together to provide accommodation for 12 or more guests. They provide suitable comfort for the less able with hand rails and easy access by flat surfaces to the main amenities.

This new development boasts beautiful, well maintained gardens, swimming pool and large sunbathing area, all attractively set back from the main coast road. A selection of restaurants, shops, a beautiful beach and gym facilities at a premium hotel are available within walking distance of the apartments.

Indeed, one of the most attractive benefits of the complex is its close proximity to amenities and attractions, ensuring it is not necessary to hire a car, with good bus services to more local attractions. However, should you wish to venture a little further a field, hiring a car is an excellent way to explore the island.

If you are fortunate enough to have plenty of time to spare, the apartments can be booked for long term rental, which is a wonderful way to feel settled and well rested in the beautiful and friendly community atmosphere of Paphos.

Whether you can go for a short break or can enjoy a little longer on this attractive island, staying in one of these luxury apartments ensures you are perfectly placed for the best Paphos has to offer.
